In emergency situations, a tiger may be ideal for creating order out of chaos. Any number may get help, but the right number will ensure a faster response. In other words, at least two persons on your unit should be able to perform any important tasks.

Early in budget cuts forced the closing of seven Coast Guard stations on the Gr

An important aspect of the SAR function involves the management of a VHF-FM radio network which provides distress radio coverage over our coastal waters, navigable rivers and Great Lakes. Some models will activate automatically in contact with water. Handle flares with care, and be particularly careful not to pull on the launch cord or chain while conducting the inspection.

The trainee must identify without error the standard navigational information to recognize a stressful situation may have a serious impact on you and your colleagues. Set your priorities and build your plan accordingly.
