Micro Data Center DC Xpress enables faster, easier and more cost effective way to build and deploy micro data centers at the network edge. Eaton's TAA compliant products.

B-Line enclosures Eaton offers customer easy way to select B-Line series Enclosures Product and technical information to support your Eaton legacy enclosure lines.

Whether as a solid-state thermoelectric system, a traditional compressor-based premium Panduit Four-post Rack System combines the stability of a cabinet with the accessibility of an open rack to provide the user with maximum flexibility when designing a data-center network layout. Enclosures, on the other hand, are closed off and concealed, providing the ultimate in security.
