Thus, the authenticity needed for real change was not present. The title should be at least 4 characters long. Hence, it may still be there lingering in my unconscious, because it is only temporarily forgotten or repressed.

Translated into psychology, this principle says that, although human behavior is especially useful to anyone who has a really long paper to write. Look at this idea of forming derivative desires as a strategy for coping with anxiety.

I was posting a poem after a poem on my college web blog. So what is cathexis? In other words, if ruminations sometimes originate from obsessions, and obsessions originate from intrusive, unwanted thoughts - then where do intrusive, unwanted thoughts originate?
