George lifted him carefully out of the box and watched with delight as his new friend skidded around the Christmas tree on his tiny hooflets. Taking a deep breath, George decided he had to do it. So far he had not seen or heard any sign of his wayward pig.

The trail brought George into a sort of clearing right behind the house. I would I even cried at the end. Her scientist father, Eric, is working on a space project - and it's all going wrong. In actuality, vacuums - whether the vacuum of space or the vacuum seal inside a thermos - are highly efficient thermal insulators.

Just as thrilling a book as all the ones before it, George and the Unbreakable C
il punto di vista degli scrittori: We were mad about science and played "Let's Pretend" long after the other kids our age quit.
