Recently, we have provided policy advice on the social welfare reform in Greece, implementing strategic state capabilities in Poland and administrative reform in Spain, to name but a. In accordance with Stalin 's development policy of planned interdependence, all the economies of the socialist countries were tightly linked to that of the Soviet Union. Demographic spending pressures are due to rise considerably, as Slovakia will have the steepest increase in the old-age dependency ratio of all EU member states up to Retrieved7September Finally, more needs to be done to ensure an adequate prioritisation of spending and an efficient use of public revenues. Let me stress that as you continue to fight the challenges of the crisis, the OECD is there to work with you, to provide support and to help you design, develop and deliver better policies for better lives.
