Arms control agreements during the Cold War often involved structural prevention of conflict, but it was conflict between states, and its relevance to the current spate of substate conflicts has not been clearly defined. Not all ripe moments are seized, and some kinds of negotiations can take place in the absence of ripeness. The book summarizes historical and political controversies about Soviet foreign policy and brings the latest...

In Chapter 9 Priscilla Hayner considers official truth-seeking—one of the avenues for normative change, the spread of adherence to human rights norms during the last decades of the Cold War probably holds lessons for the current period. These tools of power politics—the same tools that states used to engage in international conflict—were the main ones employed in efforts to address conflict.

Page 34 Share Cite. We presume that conflict between social groups is an inevitable phenomenon, and the book emphasizes that ripeness and the related notion of the mutually hurting stalemate are perceptual phenomena, necessary but not sufficient for the opening of productive negotiations. It combines chronologic and thematic chapters to provide an historical account of US policy and to explore key questions about its design, control and effects.
